

# STREETS AHEAD

## Motorcyclist safety

Motorcyclists are vulnerable road users, who operate high powered vehicles with little protection.

There are more motorcycle riders in WA than ever before, so please be aware of your surroundings and share the roads responsibly.

Riders can improve their safety by choosing a bike with standard safety features, checking the safety rating of their protective gear and riding to the conditions.

See [rsc.wa.gov.au](http://rsc.wa.gov.au) for more details
